Dear Christine,

The ICS Parents Association did it! The University of Toronto's Institute of Child Study (ICS) has successfully raised enough funds to build a safe and exemplary playground during the next school year. Thank you very much for your very generous gift towards our Silent Auction -- every item generated great interest and that certainly was the case for the 2 week memberships at Christine's.

The new and outstanding playground will further the Institute's education philosophy, attending to developmental needs, accessibility and safety. ICS is a centre for research, teacher training, and a Laboratory School (3yrs - 12 yrs), dedicated to building a deeper understanding of child development and education.

Your generous donation to our fundraising effort, which raised over \$85,000, is truly appreciated.

Yours sincerely,

Nora Underwood

The Playground Committee at ICS
